

How To Install and Register New Sonic Arts Products (Mac & PC)

Last Modified on 08/05/2018 10:18 am BST

STEP 1: Create an Account and Download

After a purchase of a New Sonic Arts Product, you will receive an email with the following information:

Your product serial number is: [XXXX_XXXX_XXXX]

Please go to <https://www.newsonicarts.com/userarea> to register and download the latest version of the software.

Follow the link provided in the email <https://www.newsonicarts.com/userarea> create an account and download the product which has been purchased (for your OS platform, Mac or PC)

STEP 2: Install

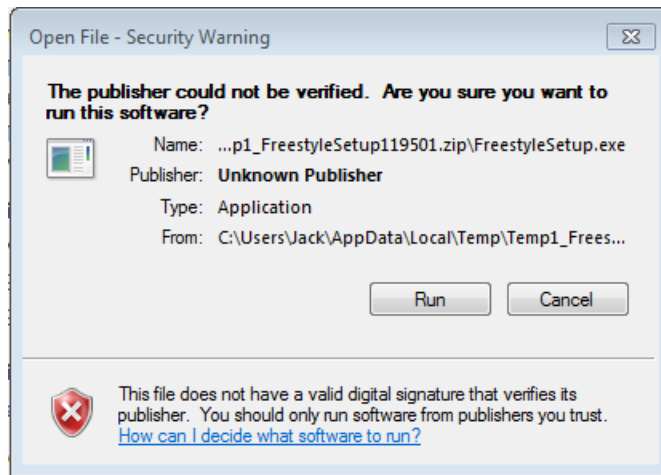

PC Users

Once the download is complete, go to the 'downloads' folder located on your PC,

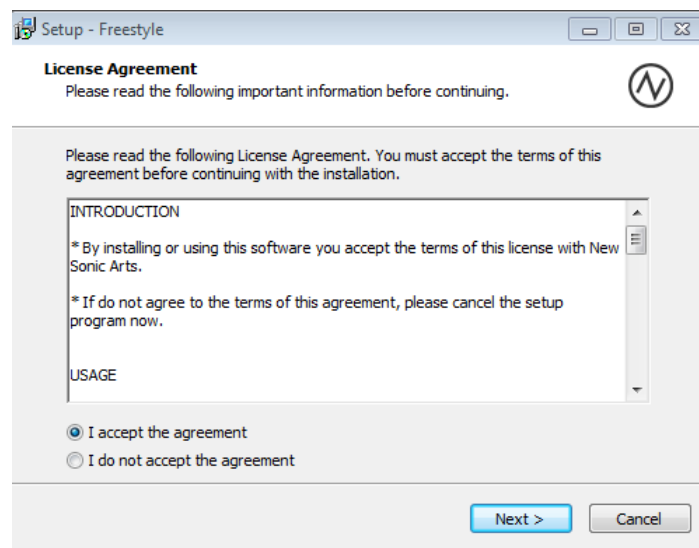

C:\Users\UserName\Downloads

Double click on the contained folder [Product Name], and again double click on the Setup file, and complete the following steps.

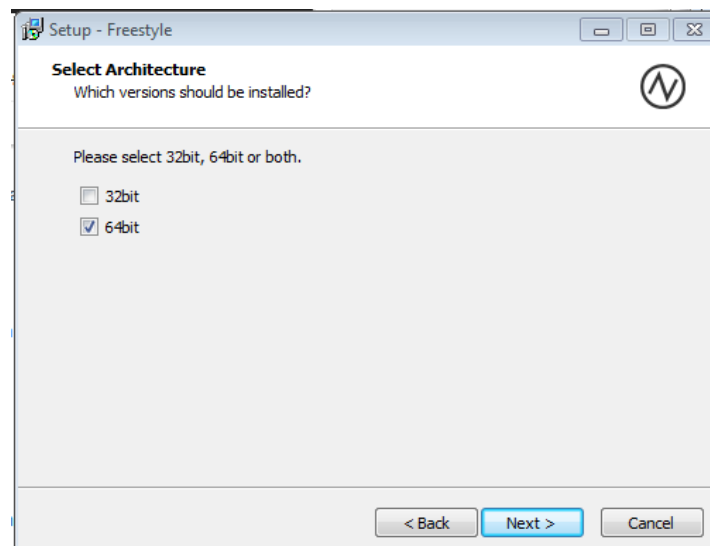

1. Run the File

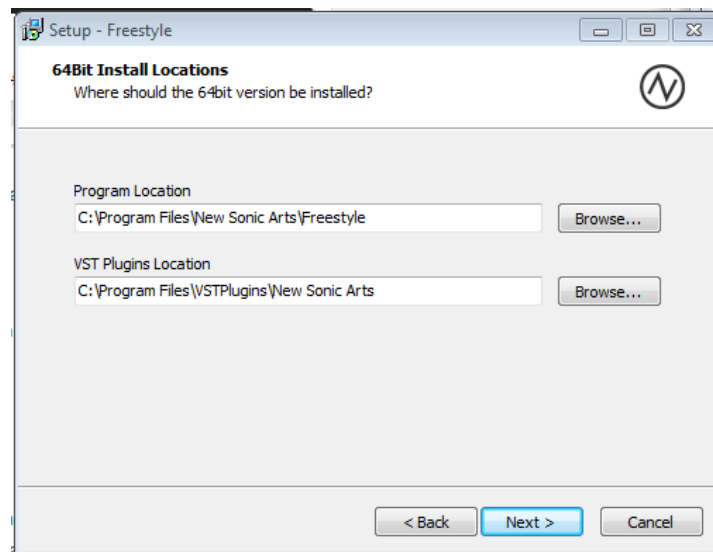

2. Agree to Terms

3. Select 32 or 64 bit system

4. Choose Location

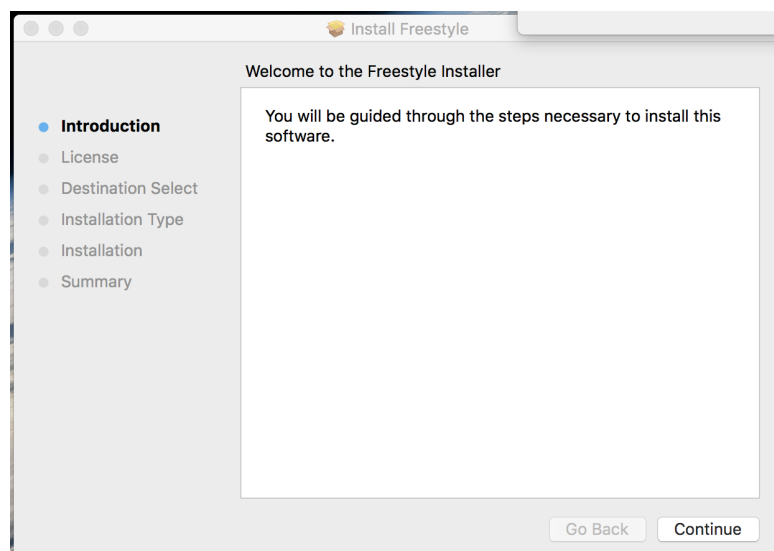

Mac Users:

Once the download is complete, go to the 'downloads' folder located on your PC,

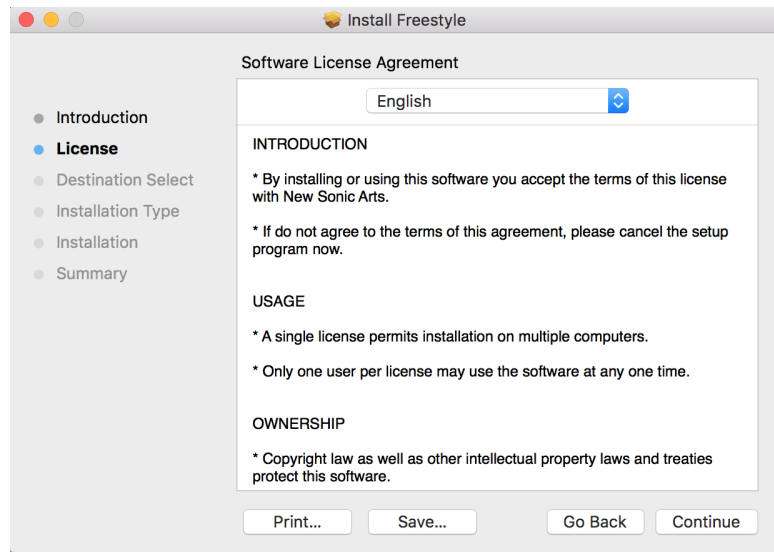

Finder/User Name/Downloads

Double click on the contained folder [Product Name], and again double click on the Setup file, and complete the following steps.

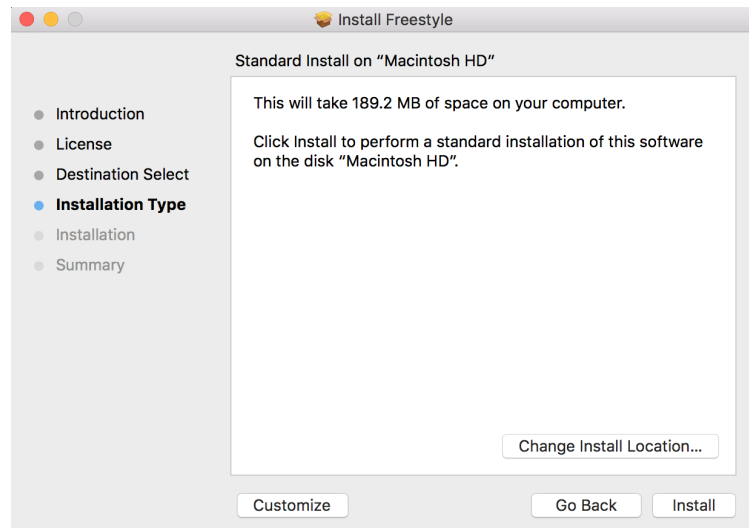

1. Run the File

2. Agree to Terms

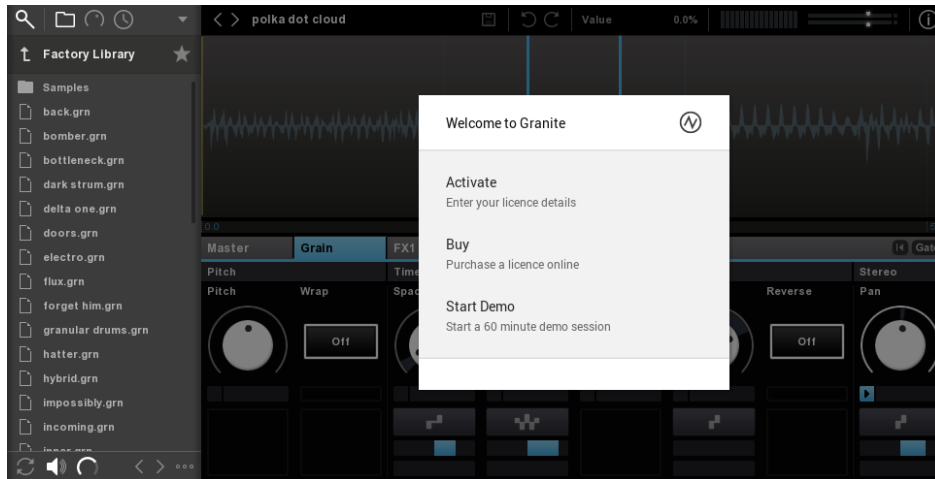

3. Choose Locations

4. Finish the Installation

STEP 3: Register the Application

Once the New Sonic Arts application is opened the following screen will appear (both PC and Mac)

Click on the 'Activate' button, and this will load the following screen

A screenshot of the 'Product Activation' screen. The title 'Product Activation' is at the top left, and a logo is at the top right. Below the title is the instruction 'Please enter your licence details'. There are two input fields: 'Email' and 'Licence Code'. Below the 'Licence Code' field is the text 'Use my account password instead'. At the bottom of the form are two buttons: 'CANCEL' on the left and 'NEXT' on the right.

Enter your user details from STEP 1, and the serial code provided in the email.
